IMMIGRATION BILL PASSED BY HOUSE

VOTE OF 322 TO 71 FAVORS EXCLUSION PROVISION

JAPAN'S "WARNING" STIRS UP SENATORS

Ambassador Hanihara's Threat of "Grave Consequences" and Hughes' Appeal Ignored By House; Amendments Downed.

Washington.—The house, without even the formality of a record vote, wrote the controversial Japanese exclusion provision into the immigration bill and passed it, 322 to 71.

Scores of amendments offered in an attempt to modify its must important provisions were shouted down by viva-voce votes, the provision basing the quotas on the census of 1890 instead of 1910, as at present, withstanding all attacks.

Rejecting appeals of Secretary of State Hughes to omit it, and ignoring Japanese Ambassador Hanihara's warning off "grave consequences" to American-Japanese relations, the house swiftly adopted the provision, supporters of the bill serving notice that they would insist on its retention cially from the California senators.

Hanihara stated, in effect, that in view of the "gentlemen's agreement" restricting Japanese immigration, made in 1907 and 1908, there was no necessity for enacting an exclusion clause. To this, the reply was that the unwritten agreement had never been enforced rigidly and that hundreds of Japanese illegally were gaining entry to the United States each year.

Not in years has the senate been so stirred up as over the Hanihara letter, which was regarded in virtually all quarters as "an astounding document." Hughes' reply, in which he begged Hanihara to accept "renewed assurances of my highest consideration," and stated his views on the so-called "gentlemen's agreement," were substantially those of the ambassador, also drew fire, especially from the two California senators.

PRESIDENT GREETS DELEGATES WOMEN'S NATIONAL COMMITTEE

Washington.—Enforcement and observance of the law is a popular movement because it is for the purpose of protecting the weak from the strong, President Coolidge told 1,000 delegates to the women's national committee for law enforcement when he received them at the white house. "When there is a lack of respect for the law, a lack of observance, you will find that the weak are imposed upon by the strong; that the strong are inflicting their will upon them and bringing their liberty to destruction.

"It is for that reason that your organization is especially an encouragement to me. It shows not only that we have laws upon the statute books, but there is behind them the determination of an awakened conscience which declares that our liberties are to be made forever secure."

ALLIED MEET NOW PLANNED TO SETTLE OBLIGATIONS

Paris.—The next big step toward a general settlement of the financial problem of Europe will be the calling of an inter-allied conference at which the question of inter-allied debts and European debts to the United States will be raised. This was the almost unanimous belief of French observers while the nation debated the action of the reparations commission in accepting the Dawes report.

Poincare maintaines there can be no final settlement of the reparations problem unless France gets 26,000,000,000 gold marks from Germany plus enough to settle the inter-allied debt to the United States, unless these debts are otherwise adjusted.

Thaw's Release Opposed

Philadelphia.—Opposition to the release of Harry K. Thaw, Pittsburgh millionaire and slayer of Stanford White, from Kirkbrides insane asylum arose from an unexpected quarter when William A. Gray, representing Evelyn E. Nesbit, divorced wife of Thaw, appeared before Judge John Monaghan in chambers in the interests of Russell William Thaw, the alleged son of Thaw and Eveyln Nesbit.

Japs Resent House Act

Tokyo.—While foreign officials are reticent about expressing any opinion on the action of the United States lower chamber in passing a new immigration bill abrogating the "gentlemen's agreement" with Japan in spite of protests of the Japanese government, enactment of the bill was received with considerable resentment here.

RUSS MUST ACCEPT DEBT SAYS BRITISH

BANKERS IN FRANK STATEMENT ON BUSINESS RELATIONS

ANGLO-RUSSIAN MEET ON FINANCE OPENS

Soviet Must Return to Accepted Business Methods and End All Radical Propaganda if Assistance is to Be Obtained.

London.—On the opening of the Anglo-Russian debt conference, a group of leading British bankers emphatically informed the Labor government that trade with Russia will remain strictly limited unless Russia resumes the "accepted methods of intercourse common throughout the world."

The views of the British bankers were voiced in a letter to Premier Macdonald, signed by the chairman of the London City and Midland Bank and head of the experts' committee No. 2; the chairman of the Westminster Bank; directors of the Bank of England, and other prominent figures in the banking world.

They presented the following views as "correctly interpreting the general opinion of the financial community of the country" regarding means of restoring Russia to normalcy: Recognition of debts by Russia. Restitution of private property. Reconstruction of the judicial system. No future confiscation of property. British bankers and business men must be permitted to deal freely with private Russians without interference from the Russian government. The Soviet government must abandon propaganda.

The letter states that Russia is already obtaining limited credits for raw materials and that if she accepts the program presented, confidence in her will return and capital will begin to flow again.

PASSING OF HUGO STINNES WILL REACT ON SITUATION

Berlin.—The death of Hugo Stinnes comes at a time when it will undoubtedly have an effect on the political situation in Germany and may conceivably influence the German reaction to the experts' report. Stinnes' industrial enterprises were so vast that they carried great influence in the political field. The dynamic, half-fabulous man of mystery, whose enormous wealth and gigantic interlocking industrial organization reached octopus-like tentacles into every phase of the German economic machine, died exhausted after a series of operations and weakened by fever.

Stinnes held great political power, but he was seldom on the political stage. He represented Germany at the Spa conference and freely criticized the allies there. He is said to have contributed largely to the funds of the People's party in Germany.

NAVAL LAND LEASES UNDER WILBUR'S PERSONAL DIRECTION

Washington.—Secretary of the Navy Wilbur has made known his oil lease policy in a letter to the chairman of the senate naval affairs committee. "So far as this department is concerned," Wilbur wrote to Senator Hale, "no further leases will be made until expressly authorized by congress unless it appears to myself that such leases are necessary to prevent the draining of oil reserves by wells drilled adjacent thereto, and unless it further appears that such leases are fully authorized by act of congress, and in that event such leases will be made only after competitive bidding.

In making this statement, Wilbur said that he did not want to take a position either for or against the Fall-Denby leases to E. L. Doheny and Harry F. Sinclair.

40 Held in Klan Clash

Lilly, Pa.—Total arrests in connection with the fatal rioting here between members of the Ku Klux Klan and townsfolk grew to forty when thirteen residents here were taken into custody and lodged in the county jail at Edensburg on charges of murder, rioting and carrying of concealed weapons. Twenty-seven klansmen, previously arrested on charges of inciting a riot and murder, were already held in the jail without bail.

Instructress Fights Assailant

Berkeley.—Lucille Roush, 27, a graduate student and botony instructress of the University of California, escaped from an assailant in the Berkeley hills, who attacked her when she became separated from companions on a botony research trip. Students at the university volunteered their services to the police in a search for the man, whose description was furnished by Miss Roush.

CAMPBELL HI LOSES FAST GAME

On Friday, April 11, Campbell suffered defeat at the hands of the William Warren nine. It was a good fast game and one that Campbell can well be proud of even though they lost. It was played on the William Warren diamond. The score was 4 to 1.

Campbell started off with a bang in the first inning when they succeeded in placing three men on the bases and barely missed scoring. In the same inning William Warren smashed one down the first base line for a two bagger, and after an overthrow on both second and third scored.

In the fourth inning Clark, Campbell's fast pitcher, soaked the pill for a two bagger, followed by a neat bunt by Steindorf and a nice hit by Sam Reed bringing Clark in.

By the ninth inning the military school had increased their score to 3 when Burg clouted a homer into right field making their 4.

Friday was seeminly Campbell's day off but there is no doubt but that they will retalliate with more than one victory for the red and white before the season is over.

CAMPBELL CLUB PLANS ROSE FESTIVAL FOR BENEFIT OF LIBRARY MAINTENANCE

CLUB PROGRAM

A program devoted to a French author and his works had been planned for the last meeting of the Country Woman's Club, the committee being Mrs. H. C. Smith, Mrs. F. V. Perrott and Mrs. Leigh Saunders.

In keeping with the thought of the afternoon, bowls of varihued iris were placed about the room, and the tri-color of France was crossed with the Stars and Stripes above the mantel.

Upon request, Mrs. H. M. Shadle sang the charming song which she gave recently in San Jose at the Federation—"Doris" by Nevin, towhich Mrs. Perrott played the violin obligato and Mrs. Robson the piano accompaniment.

To call to mind the French atmosphere and spirit the Marseillaise was played by Mrs. Robson.

Mrs. Smith opened the literary program with a paper on the life and style of the author, Anatole France, really Jacques Anatole Thibault, reading short selections by various critics.

Mrs. Perrott reviewed his work, "The Crime of Sylvester Bonnard", in a most delightful way, reading just the essential bits necessary to bring out the various types depicted by the main characters and to show the keen wit and humor of the story.

"Penguin Islands", is a very different style of book and Mrs. Saunders most ably interpreted this satiric, veiled history of the French people and others connected with them.

By her very careful selections for reading and the clear concise running account explaining the different books composing the volume, she made of a somewhat obstruse story, a most interesting review.

At the business meeting announcement was made of the approaching annual meeting, for which Mrs. H. H. Weaver of Winchester Road has extended the Club an invitation to meet at her home.

Mrs. R. G. Archibald has been chosen by the board of directors to fill the unexpired term of Mrs. F. V. Perrott, resigned.

"Festival of Roses". The very name is alluring and brings to mind a charming background of blossoms, fit settinig for a spring party and bazaar.

Mrs. J. C. Ainsley is the very efficient general chairman, who with her coterie of able assistants, has plans well in hand, and a delightful social affair is assurred in addition to providing an opportunity to purchase many dainty and useful articles.

Interest in this coming event is mounting high and numbers of people from San Jose, Mountain iVew and other neighboring cities have signified their ntention of attending, and several have reserved tables for mah jongg or cards.

The chairman of the various departments are putting forth earnest efforts to secure the help and co-operation of all interested in the welfare of the library. Many friends from out of town are helping with contributions.

There will be something of interest for old and young—A "Bubble Booth" over which Mrs. R. G. Archibald will preside and a Rose Pond, for which Mrs. Gladys Morton would greatly appreciate any little toys, favors or gifts, will please the younger generation. A short program under the direction of Mrs. R. H. Hyde will be presented both afternoon and evening, refreshments will be served in the tea garden during the afternoon and at evening.

Mrs. Jas Turner will have a a booth devoted to gift shop articles—any little fancy novelties done with brush and paint or lacquer, card or mah jongg table covers or score cards, etc., will be greatly appreciated.

Both rooms of our beautiful new library will be utilized, sales department being grouped in the reading room, and the social program held in the community room. Reservations for cards or mah jongg should be made with Mrs. L. T. Lenox.

Come and invite your friends both in and out of town.

LAST RITES

The funeral services of the late Mrs. M. J. Wilson were held from the Methodist church Thursday of last week, the large attendance paying silent regard to the dearly beloved friend and neighbor who had passed on.

The service was in charge of the Rev. F. C. Farr. Rev. W. E. Eckles read the scripture lesson from a testament that has been in the family for six or seven generations.

Mrs. E. K. Clendening gave a beautiful tribute of appreciation of the work of their friend in the Grange.

The remains were laid to rest in a vault at Oak Hill cemetery till the mauseleum is completed.

The pall bearers were Messrs. E. K. Clendening, J. E. Wiesendanger, C. H. Whitman, S. B. Smith, H. G. Keesling and H. V. Archibald.

Fellowship Supper

The Fellowship Supper held at the Congregational church Friday evening was well attended and proved very enjoyable. The tables were beautifully decorated and each was presided over by a hostess who looked after the comfort of the group at her table.

After the supper Mrs. L. F. Shaw read a poem written by a man, in which he cites the work of the Ladies' Aid. A general sing of the old familiar songs added pleasure to the occasion.

SISTER CLUB MEMBERS AS GUESTS

The beautiful country home of Mrs. L. Hiatt on Union Ave. was the scene of a very pleasant gathering of the members of the Moreland Good Will Club and their guests Wednesday afternoon, that being their annual guest day.

The president, Mrs. A. A. Earl, on behalf of the club, welcomed the guests and announced Mrs. H. P. Bean as chairman of the program arrangements.

Miss Margaret Pardee sang very sweetly "Spring's a Loveable Layde" and "Little Lad O'Dreams" accompanied by Miss Olive Hanger.

Mrs. Brown of the Sunshine Club gave a short account of their work which is almost entirely charity. Thisclub of fourteen members made a very good record the past year.

Two humorous readings were given by Mrs. H. C. Smith, followed by two interesting piano numbers by Olive Hanger—a selection from "Il Trovatore" and "Narcissus" by Nevin.

Mrs. Pardee told briefly of the program of the Pundita Circle for the past year.

A funny little Irish skit, titled "The Fourth Floor Back" was very cleverly presented by Mesdames Harry Williams and Harry Watrous.

A most enjoyable social time followed during which ice cream, cake and punch were served on trays, graced with gorgeous red rose buds, red being the club color.

The guests all left with a desire to be present at future events.

THOUGHT FOR TODAY

The really prosperous community is the one that lets the carpenters do all of the knocking.

THE REALLY PRECIOUS THINGS

As we grow older, and the shadows begin to lengthen, and the leaves which seemed so thick in youth above our heads grow thin and show the sky beyond, and as those in the ranks in front drop away, and we come in sight, as we all must, of the eternal rifle-pits beyond, a man begins to feel that among the really precious things of life, more lasting and more substantial than many of these objects of ambition here, is the love of those he loves and the friendship of those whose friendship he prizes.

REFLECTIONS OF YE EDITOR

Get your happinesss out of your work, or you will never know what real happiness is.

A good temper should be well kept. A bad one —ditto.

Our biggest business mistake in America is boastfulness.

Cheerfulness may sometimes be difficult, but it always pays dividends.

The tragedy of the quitter is that he usually stops just as his second wind is rushing to the rescue.

PLANTING SHRUBBERY

In these times when hours of labor have been reduced, people ought to have more time to make their places more attractive. One of the easiest ways of beautifying a home is to plant shrubbery around it. Once you get a bed of shrubs well started, they need little attention. A little spading, trimming and perhaps fertilizing, and these sturdy and independent little bushes take care of themselves and ask no favors from anyone. At their own appointed time, every shrub in a well selected arrangement will burst forth into a rich mass of bloom. If correctly chosen, the bank of shrubbery should have some bloomers at every period in the season. It transforms a bare and cold looking dwelling into a cheerful center of radiance and beauty. Every home in this community should be adorned with pretty shrubs.

America is the fastest, richest, greatest nation in the world. Some say too fast.

But nevertheless our people are cleaner, healthier, richer, and happier than any other people.

More people are better educated, living standards are higher, per capita wealth greater, home owning more general than in any other country.

Spring makes people lazy. The other seasons that make people lazy are summer, fall and winter.

ANNUAL ROLL CALL

The Annual Roll Call of the Campbell Methodist Church was held last Friday evening and was a very enjoyable occasion with the largest attendance for a number of years. A bountiful dinner was served, followed by a program of addresses and music in connections with the calling of the roll. The district superintendent, the Rev. Dr. Geo. W. White, gave a splendid address on church fellowship and the special music by Miss Bernice Bogart and Miss Olive Hanger and the singing by the Preachers' Male Quartette, accompanied by Mrs. D. H. Cramer, added to the pleasure of the evening.

Special Pre-Easter Meetings are in progress this week at the Methodist church and will be followed by an Easter sermon and the reception of members on Easter morning.

The young people of the Epworth League will join with the County Epworth Leaguers in an Easter Sunrise Service at Inspiration Point on Alum Rock Avenue, Easter morning, leaving here at 6 A. M.

"THE CAPTAIN OF THE GUARD"

This is the title of the beautiful Easter song and story program which will be given at the Congregational church Sunday morning at 11 o'clock. Mrs. W. I. Merrill will read the story, which is interspersed with music by a large chorus choir. The music is especially good this year and the choir has been working on it for several weeks. The community is invited to attend.

An Easter Vesper Service will be held at 5:30 Sunday evening, to which all are invited. The pastor will bring a helpful Easter message and the choir will furnish several special numbers and Dr. Merrill will sing the "Holy City."

On Good Friday at 2:30 there will be a special service at which the Lord's Supper will be celebrated. All members of the church and congregation and their friends will be welcome. The church will be open all day for any who might like to drop in for a few moments of meditation or prayer.

Last Tuesday the Woman's Missionary Society had five representatives at the all day meeting in the Saratoga Federated church. This was the regular meeting of the Woman's Board of Missions for the Pacific and was attended by delegates from San Francisco, Oakland and Berkeley and all surrounding towns, there being about 150 in attendance. At noon the ladies of the church served lunch in the social rooms of the church.

ROSES--and the future

ON April 25 the Festival of Roses will be held in order to enrich the shelves of the library so that all future readers will have benefits and pleasures.

THIS project, then, is an investment in the future, and worthy of the support of all forward-looking citizens. Today's forethought is tomorrow's strength.

AS Bankers, we guide and guard the interests of so many people here who watch the future with hope and confidence, that we feel an appeal, other than a notice, is unnecessary to assure the success of the Festival of Roses.

TRIBUTE OF A FRIEND

A Tribute of Love to the Memory of Mrs. M. J. Wilson, late president of the Campbell W. C. T. U.

The local union feelts it has sustained great loss in the homegoing of Mrs. Wilson. Her life was truly an example of faithfulness. During the past months she has occupied the chair as president at our meetings, when scarcely able to sit up. Altho her sufferings were apparent to all, she held uncomplainingly to her post until a very short time before she was called to higher service and entered upon activities that are never succeeded by pain or weariness, nor bound by earthly limitations. Her knowledge of the Bible was more than usual. Her lengthy and beautiful quotations at the devotionals of our meetings, will long be remembered as a strong characteristic of our sister. Her brave spirit has gone to enjoy the freedom and ecstasy of the life she looked forward to with such calm serenity. The passing of this loved one does not leave us without comfort.

"We bid her farewell as fits a warrior
When the good fight is o'er;
No flowery way was the long long path she trod—
But she now walks with God."

Thus, one by one, does our Father gather his children out of earthly night into heavenly glory; out of the distraction and strife and weariness of time into the peace of His eternal Presence.

SYMPATHY EXTENDED

Campbell, Calif.
April 10, 1924.

The members of the Orchard City Grange extend their sincere sympathy to the family and relatives of their departed sister, Martha Wilson.

A beautiful life full of good deeds was hers. Rich will be her harvest.

Be it resolved that a copy of this note of sympathy be spread upon the minutes of the Grange and a copy be sent to the Campbell Press.

Sister Marian Jenkins,
Sister Jessie Shelley,
Sister Lillian Rae.

Gordon Smith, of San Francisco, visited his mother, Mrs. Ellen R. Smith, Sunday.

Miss Alice McCaughey is enjoying this week vatcation at Mt. Hermon with a party of College classmates.

Misses Pearl and Eva Bohnett came from Aromas Sunday with their brother, Merlin, to spend the holiday week as guests at the Shepherd-Bohnett bungalow. The boys are already showing the effects of real honest-to-goodness home cooking, and sister can cook.

Mrs. C. F. Rubell was called to Monterey Monday to care for her mother, Mrs. Gruver, who had the misfortune to fall down a flight of stairs. Mrs. Gruver is eighty-three years old and such a fall is too much for a more rugged person. She was badly bruised but no bones were reported broken.

A. U. Peterson who has been bookkeeper for the Geo. E. Hyde & Co. for some time, has taken a similar position with the Barron-Grey Company in San Jose. V. B. Peterson, a brother who recently came from a Montana bank, has accepted the desk at the Hyde plant and will be with that firm this season.

E. E. Sower's shoe store was entered thru the door Wednesday night and the place ransacked for money. On first casual search Mr. Sower reported that probably only two or three pairs of shoes were taken. Evidently some key artist is busy again and it is hoped may be apprehended by officers soon.

Mrs. J. B. Gard went to San Francisco Friday and Mr. and Mrs. Claud Gard and Lillian and Chas. Brandenburg, on Saturday, to attend a Gard family reunion dinner at Sequoia Hall at which over eighty guests were present. The occasion was the tenth wedding anniversary of one of the number. The place cards, sticks and dishes were unique features of the dinner. The guests all came in costumes characteristic of the '49ers in California, miners, vaqueros, Spanish belles and others.

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.

THE SHERWIN-WILLIAMS PAINTS

out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—*The Sherwin-Williams Paints.*

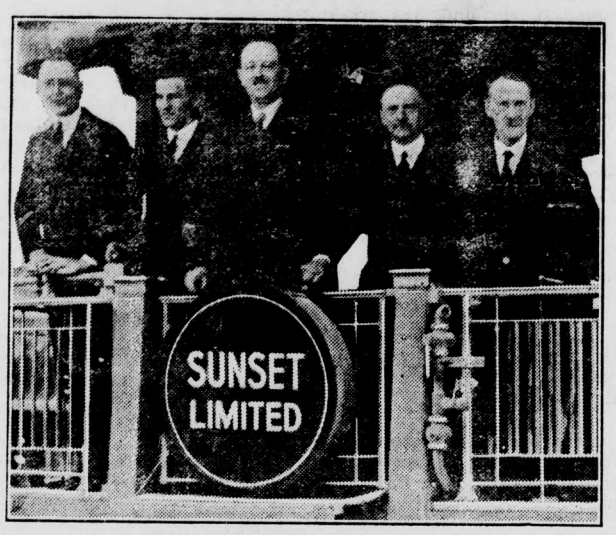
S. P. TO BOOST WEST ABROAD; EUROPEAN AGENTS TOUR COAST



European agents of the Southern Pacific company touring the west in order to get a better knowledge of the attractions of Pacific coast states. They will "sell" the west in Europe. From left to right—G. Ruhr of Hamburg, V. Merello of Genoa, H. Desmidt of Paris, R. G. Bonsor of London and V. Mylrea of Liverpool.

THE Pacific coast is to become better known to business men and travelers from Europe.

As part of a comprehensive plan to "sell" the Pacific coast to Europe, the Southern Pacific company has brought five of its European representatives here for an intensive course of study.

They were accompanied west by L. H. Nutting of the Southern Pacific's New York office. The visitors left El Paso April 1 to spend a month in visiting every section served by the Pacific System of the company in order that a thorough knowledge of the coast states and their advantages could be obtained.

In Arizona the foreign agents made the trip over the Apache trail, visited Phoenix, Tucson, Yuma and Nogales and made a side trip over the company's Mexican west coast lines to Tepic.

Six days were set apart for a study of conditions and for sight-seeing in southern California. This included visits to San Diego and through the scenic Carriso gorge, an inspection of points of interest in the Imperial valley, a three-day visit in Los Angeles and a stop at Santa Barbara.

Leaving Santa Barbara, the itinerary called for visits at Del Monte, Watsonville, Santa Cruz and other points around Monterey bay.

After a period devoted to sight-seeing in San Francisco, Oakland, and other parts of the bay district, the European representatives are scheduled to leave on April 22 for a tour through the San Joaquin valley visiting Fresno, Bakersfield, Merced and other cities with a side trip to the famous Yosemite valley with Sacramento the next point of call. Several days are to be spent by the foreign agents visiting Portland and other points in Oregon and Washington.

Enroute to the east, the visitors will visit Reno and Truckee and also make a side trip to Lake Tahoe. Ogden and Salt Lake City are also to be visited.

"We expect that the visit here of our representatives in England, France, Germany and Italy will do much to make the Pacific coast better known to Europe," it was stated by G. W. Luce, freight traffic manager, and J. H. R. Parsons, passenger traffic manager of the Southern Pacific.

"The itinerary of the visiting agents was so arranged that all sections were visited by daylight under guidance of local representatives who could explain in detail the many advantages of our country.

"Upon returning to Europe, our representatives will have that first hand knowledge that undoubtedly will enable them to do a great deal of good for the Pacific coast in their contact with foreign business men and travelers."

W. C. T. U.

On April 2, the W. C. T. U. held a delightful meeting at the home of Mrs. C. H. Whitman with the new president, Mrs. Mabel Davidson, in the chair. After the usual devotional exercises led by Mrs. Kennedy and the routine of business, the program of the afternoon was given by Mrs. Newcomb and Mrs. Parkhill, the annual observance of Frances Willard Memorial Fund Day.

Since the year 1898 each local W. C. T. U. is urged to arrange for a meeting and send $2.00 or more for the extension and perpetuation of the principles and work of the Woman's Christian Temperance Union. (a) To extend the work in missionary territory and to carry on prohibition campaigns. (b) To teach thousands who come to America each year from drink-cursed countries and enlighten them as to the benefits of total abstinence and prohibition and to organize among the Indians and colored people who, if not won for prohibition will be bought by the liquor interests.

Because she was a patriot as well as a reformer, Illinois wisely chose the statue of Frances E. Willard to represent that state in Statuary Hall in the National Capitol, representing also the womanhood of America. The pedestal bears this inscription in Miss Willard's own words, "It is women who have given the costliest hostages to fortune.....by the incense of ten thousand prayers. I charge you to give them power to protect along life's treacherous highway those whom they love."

Portions of an article written by Miss Jessie Ackermann were read by Mrs. Parkhill in which we were reminded that for the firs ttime in the history of this republic an order was issued at the Capitol to unfurl the banner and raise it at half mast, in honor of a woman, as was done when the pure, beautiful spirit of Frances Williard took its flight. Miss Ackermann recalls with much joy the time when it was her privilege to live for some months with Frances Willard under the hospitable roof of their gracious friend, Lady Henry Somerset, at Eastnor Castle and says "It was there I learned to know Miss Willard as a woman, the character in which I wish the whole world might better know her." Miss Willard's motto was " my life is a vow." Added to this a motto her mother sent her while away at school. "To be carnally minded is death, but to be spiritually minded is life and peace," which if her sainted life could speak today wou'd be her message to us.

Lady Henry Somerset considered Miss Willard the greatest woman philanthropist of modern times. She was welcomed in England as no other philanthropist has ever been welcomed and says "The vast meeting in Exeter Hall was the most representative ever assembled in that historic building. On the platform sat members of Parilament, dignitaries of our own church, temperance leaders from the Roman Catholic church, leaders of the labor movement and of the Salvation Army, delegations from the Methodist, Baptist and Congregational churches and the Society of Friends. The chief Rabbi sent a congratulatory letters and signed the address of welcome."

One of Miss Willard's sayings which she always lived up to was. "Let us be careful to maintain the small sweet courtesies of life and most of all, may we be divinely led to keep in touch with the hearts of the humblest." Another was "The happiest thing in life is doing good according to a place." And another, "Character is habit crystallized." Time and space forbid a reproduction here of the fine inspiring program. Regrets were expressed at the removal of Mrs. Emma Walker to San Jose and a rising vote of thanks given for her helpful service during the past year. An encouraging talk y the new president, a social hour, with light refreshments, brought the pleasant and profitable meeting to a close. The next meeting will be held with Mrs. Whitman, Wednesday, April 23. Any interested will be cordially welcome. Come and bring a friend.

Mrs. H. B. Hummel went to Chico Friday to spend the vacation week with Mrs. Olive Ochsner Poeschal.

W. R. Scott, who has made his home here for six months with the Ben Austin family, left Wednesday for his home at Simco, Ontario, Canada.

Mrs. Ola Norman, of Glendive, Mont., who has been the guest of Mrs. C. T. Fawcett and Mrs. H. C. Smith for the past month, will leave Saturday for Los Angeles where she will visit for a few days before returning to her home.

The family dog gave his life for seventeen year old Mabel Diestelhorst of Redding when a highwayman attempted to take the day's receipts from her father's gasoline station. The girl resisted and her screams were heard by her mother, who loosed the dog. As he pounced upon the bandit, he was killed by a revolver shot. The bandit escaped.
